

REPAIR OR REPLACE

Home Siding Checklist

REPAIR IF...

☐ Siding panels are loose.

☐ There are dents/cracks.

☐ There's minor weather damage.

☐ There are holes in the siding.

☐ Siding is less than 10/yr old.

REPLACE IF...

☐ There's mold, mildew, algae, or fungus.

☐ It has a sponge-like texture.

☐ Paint is peeling/colour is fading.

☐ Siding needs frequent repair.

☐ Utility bills are rising.

WHAT SIDE HAS MORE CHECKMARKS?

If the left side has more...

A repair should be fine!

If the right side has more...

It may be time for a replacement.
